Larry Nelson Holds 1,000 Shares Of General Electric (GE) Common Stock. As A Stockholder, He Has The Right

Understanding the rights and privileges associated with owning shares in a publicly traded company like General Electric (GE) is crucial for every investor. Larry Nelson's ownership of 1,000 shares of GE common stock not only signifies a financial investment but also confers specific rights that can influence the company's governance and strategic decisions. This article delves into what it means to hold stock in GE, the rights that come with such ownership, and how investors like Larry Nelson can leverage these rights to protect and grow their investments.

Introduction to General Electric and Its Stockholders

General Electric (GE) is a multinational conglomerate with a rich history spanning over a century. Known for its diverse business segments—including aviation, healthcare, power, renewable energy, and digital solutions—GE has been a staple in the industrial sector and a popular investment choice for many shareholders.

As a publicly traded company listed on the New York Stock Exchange (NYSE) under the ticker symbol GE, its shares are accessible to individual and institutional investors alike. When investors like Larry Nelson purchase GE stock, they become part-owners of the company, holding a claim to its assets, earnings, and governance.

The Nature of Common Stock Ownership in GE

What Does Holding 1,000 Shares Mean?

Owning 1,000 shares of GE common stock means Larry Nelson possesses a stake in the company proportional to his shareholding. The importance of this ownership includes:

- **Voting Power:** He can vote on corporate matters, such as electing directors or approving significant transactions.

- Dividend Rights: He is entitled to receive dividends if the company declares and pays them.
- Residual Claims: In case of liquidation, shareholders have rights to a portion of the remaining assets after debt obligations are settled.

It's essential to understand that owning shares does not mean management control unless the ownership is substantial; however, it does grant influence through voting rights.

Rights of a GE Stockholder

As a common stockholder, Larry Nelson's rights are established by corporate law, GE's bylaws, and the stockholder agreement. These rights include:

1. Voting Rights

- Electing Directors: Stockholders have the right to vote for members of the Board of Directors, who oversee the company's management.
- Approving Major Corporate Actions: Mergers, acquisitions, amendments to the corporate charter, or other significant decisions require stockholder approval.
- Proxy Voting: Shareholders can vote in person or via proxy, allowing them to participate even if they cannot attend annual meetings.

2. Dividends

- Receive Dividends: If GE declares dividends, Larry Nelson is entitled to his proportionate share based on his holdings.
- Dividend Policy Influence: While individual shareholders cannot directly set dividend policies, collective voting and company performance influence dividend decisions.

3. Rights to Information

- Access to Financial Reports: Shareholders receive annual reports, quarterly earnings, and other disclosures.
- Attend Annual Meetings: Shareholders can attend meetings to ask questions and gain insights into company affairs.

4. Residual Claims and Liquidity

- Residual Claims: In the event of liquidation, shareholders have rights to remaining assets after creditors are paid.
- Market Liquidity: Shares can be bought or sold in the stock market, providing liquidity and the ability to realize gains or cut losses.

5. Potential for Capital Appreciation

- Share Price Growth: As GE's business performs well, the value of shares may increase, offering capital gains.
