

IN ITS FIRST YEAR OF BUSINESS, BORDEN CORPORATION HAD SALES OF \$2,020,000 AND COST OF GOODS SOLD OF \$1,210,000.

IN ITS FIRST YEAR OF BUSINESS, BORDEN CORPORATION HAD SALES OF \$2,020,000 AND COST OF GOODS SOLD OF \$1,210,000. THESE FIGURES NOT ONLY REFLECT THE COMPANY'S INITIAL MARKET PERFORMANCE BUT ALSO PROVIDE VALUABLE INSIGHTS INTO ITS OPERATIONAL EFFICIENCY, PROFITABILITY POTENTIAL, AND STRATEGIC POSITIONING. STARTING A NEW BUSINESS INVOLVES NUMEROUS CHALLENGES, FROM MARKET ENTRY TO COST MANAGEMENT, AND ANALYZING SUCH FINANCIAL METRICS IS CRUCIAL FOR UNDERSTANDING THE COMPANY'S EARLY SUCCESS AND AREAS FOR IMPROVEMENT. IN THIS COMPREHENSIVE ARTICLE, WE WILL EXPLORE THE SIGNIFICANCE OF THESE FIGURES, DELVE INTO KEY FINANCIAL RATIOS, DISCUSS FACTORS INFLUENCING INITIAL SALES AND COSTS, AND OFFER STRATEGIC INSIGHTS FOR BORDEN CORPORATION'S GROWTH TRAJECTORY.

UNDERSTANDING THE FINANCIAL METRICS: SALES AND COST OF GOODS SOLD

SALES REVENUE: THE TOP LINE INDICATOR

SALES REVENUE, OFTEN REFERRED TO AS THE "TOP LINE," INDICATES THE TOTAL INCOME GENERATED FROM SELLING GOODS OR SERVICES BEFORE DEDUCTING ANY EXPENSES. FOR BORDEN CORPORATION, ACHIEVING SALES OF \$2,020,000 IN ITS FIRST YEAR SIGNIFIES A STRONG MARKET ENTRY, ESPECIALLY FOR A NEW PLAYER IN THE INDUSTRY. HIGH INITIAL SALES CAN BE ATTRIBUTED TO EFFECTIVE MARKETING STRATEGIES, COMPETITIVE PRICING, PRODUCT DEMAND, OR A COMBINATION OF THESE FACTORS.

COST OF GOODS SOLD (COGS): MANAGING OPERATIONAL EXPENSES

THE COST OF GOODS SOLD REFLECTS THE DIRECT COSTS ASSOCIATED WITH PRODUCING THE GOODS SOLD BY THE COMPANY. IN BORDEN'S CASE, COGS AMOUNTED TO \$1,210,000. THIS INCLUDES RAW MATERIALS, LABOR, MANUFACTURING OVERHEADS, AND OTHER DIRECT COSTS. MANAGING COGS EFFICIENTLY IS VITAL TO ENSURE HEALTHY PROFIT MARGINS AND LONG-TERM SUSTAINABILITY.

GROSS PROFIT AND GROSS MARGIN ANALYSIS

CALCULATING GROSS PROFIT

GROSS PROFIT IS DERIVED BY SUBTRACTING COGS FROM TOTAL SALES:

- $\text{GROSS PROFIT} = \text{SALES} - \text{COGS}$
- $\text{GROSS PROFIT} = \$2,020,000 - \$1,210,000 = \$810,000$

GROSS MARGIN PERCENTAGE

GROSS MARGIN INDICATES THE PERCENTAGE OF REVENUE THAT EXCEEDS COGS, SERVING AS A MEASURE OF PRODUCTION EFFICIENCY:

- $\text{GROSS MARGIN} = (\text{GROSS PROFIT} / \text{SALES}) \times 100$
- $\text{GROSS MARGIN} = (\$810,000 / \$2,020,000) \times 100 \approx 40.1\%$

A GROSS MARGIN OF APPROXIMATELY 40.1% SUGGESTS THAT BORDEN CORPORATION RETAINS ABOUT 40 CENTS PER DOLLAR OF SALES AFTER COVERING DIRECT COSTS, WHICH IS GENERALLY CONSIDERED HEALTHY IN MANY INDUSTRIES.

EVALUATING PROFITABILITY: OPERATING AND NET PROFIT

WHILE GROSS PROFIT PROVIDES INSIGHT INTO PRODUCTION EFFICIENCY, OVERALL PROFITABILITY DEPENDS ON OPERATING EXPENSES, TAXES, INTEREST, AND OTHER COSTS. SINCE THESE FIGURES ARE NOT PROVIDED, WE CAN DISCUSS POTENTIAL SCENARIOS AND IMPORTANCE.

POTENTIAL OPERATING EXPENSES

COMMON OPERATING EXPENSES INCLUDE:

- SELLING, GENERAL, AND ADMINISTRATIVE (SG&A) EXPENSES
- MARKETING AND ADVERTISING COSTS
- RESEARCH AND DEVELOPMENT
- SALARIES AND WAGES
- RENT AND UTILITIES

IMPORTANCE OF NET PROFIT MARGIN

NET PROFIT MARGIN MEASURES THE COMPANY'S OVERALL PROFITABILITY:

$$\text{NET PROFIT MARGIN} = (\text{NET PROFIT} / \text{SALES}) \times 100$$

ACHIEVING A HIGHER NET MARGIN INDICATES BETTER CONTROL OVER EXPENSES AND MORE EFFECTIVE REVENUE GENERATION STRATEGIES.

INDUSTRY CONTEXT AND BENCHMARKING

COMPARATIVE INDUSTRY ANALYSIS

TO ASSESS BORDEN'S PERFORMANCE ACCURATELY, IT'S ESSENTIAL TO COMPARE ITS RATIOS WITH INDUSTRY AVERAGES. FOR EXAMPLE:

- FOOD AND BEVERAGE INDUSTRIES OFTEN HAVE GROSS MARGINS RANGING FROM 30% TO 50%
- MANUFACTURING SECTORS MAY HAVE MARGINS BETWEEN 20% AND 40%

IF BORDEN OPERATES WITHIN THESE SECTORS, ITS GROSS MARGIN OF 40.1% ALIGNS FAVORABLY, INDICATING COMPETITIVE EFFICIENCY.

MARKET ENTRY AND CONSUMER DEMAND

INITIAL SALES FIGURES REFLECT MARKET RECEPTION. A \$2.02 MILLION REVENUE IN THE FIRST YEAR SUGGESTS STRONG DEMAND, EFFECTIVE MARKETING, OR NICHE POSITIONING. HOWEVER, SUSTAINED GROWTH DEPENDS ON REPEAT CUSTOMERS, BRAND LOYALTY, AND EXPANDING MARKET SHARE.

KEY FINANCIAL RATIOS AND METRICS FOR BORDEN CORPORATION

1. GROSS PROFIT MARGIN

- CALCULATED AS 40.1%, INDICATES HEALTHY PRODUCTION EFFICIENCY.

2. BREAK-EVEN ANALYSIS

- THE POINT WHERE TOTAL REVENUE EQUALS TOTAL COSTS. WITH A GROSS PROFIT OF \$810,000, BORDEN HAS A BUFFER TO COVER FIXED COSTS AND MOVE TOWARDS PROFITABILITY.

3. INVENTORY TURNOVER RATIO

- MEASURES HOW QUICKLY INVENTORY IS SOLD AND REPLACED.
- A HIGHER RATIO INDICATES EFFICIENT INVENTORY MANAGEMENT; THIS IS ESPECIALLY RELEVANT FOR MANUFACTURING COMPANIES.

4. OPERATING MARGIN AND NET MARGIN (ESTIMATE)

- WHILE PRECISE FIGURES ARE UNAVAILABLE, INDUSTRY BENCHMARKS CAN GUIDE EXPECTATIONS. EFFECTIVE COST CONTROL CAN IMPROVE MARGINS OVER TIME.

STRATEGIC IMPLICATIONS AND RECOMMENDATIONS FOR BORDEN CORPORATION

1. FOCUS ON COST MANAGEMENT

- CONTINUAL ANALYSIS OF COGS COMPONENTS TO IDENTIFY COST-SAVING OPPORTUNITIES.
- NEGOTIATING BETTER RAW MATERIAL PRICES OR OPTIMIZING MANUFACTURING PROCESSES.

2. ENHANCE REVENUE STREAMS

- DIVERSIFY PRODUCT OFFERINGS.
- EXPAND INTO NEW MARKETS OR CUSTOMER SEGMENTS.
- INVEST IN MARKETING TO INCREASE BRAND VISIBILITY.

3. IMPROVE OPERATIONAL EFFICIENCY

- STREAMLINE SUPPLY CHAIN MANAGEMENT.
- IMPLEMENT TECHNOLOGY SOLUTIONS FOR BETTER INVENTORY AND PRODUCTION TRACKING.

4. MONITOR INDUSTRY TRENDS

- STAY AWARE OF COMPETITORS' STRATEGIES AND MARKET SHIFTS.
- ADAPT PRICING AND MARKETING STRATEGIES ACCORDINGLY.

5. FINANCIAL PLANNING AND FORECASTING

- USE INITIAL FIGURES TO PROJECT FUTURE REVENUES AND EXPENSES.
- SET REALISTIC GROWTH TARGETS BASED ON EARLY PERFORMANCE.

CONCLUSION: THE ROAD AHEAD FOR BORDEN CORPORATION

THE INITIAL FINANCIAL SNAPSHOT OF BORDEN CORPORATION PAINTS A PROMISING PICTURE OF A COMPANY THAT HAS SUCCESSFULLY ENTERED ITS INDUSTRY WITH ROBUST SALES AND MANAGEABLE COSTS. ACHIEVING A GROSS MARGIN OF APPROXIMATELY 40% DEMONSTRATES EFFECTIVE PRODUCTION AND SALES STRATEGIES. HOWEVER, SUSTAINING AND ENHANCING PROFITABILITY WILL REQUIRE DILIGENT COST CONTROL, STRATEGIC MARKETING, AND CONTINUAL OPERATIONAL IMPROVEMENTS.

BY ANALYZING THESE EARLY FINANCIAL METRICS AND BENCHMARKING AGAINST INDUSTRY STANDARDS, BORDEN CAN IDENTIFY AREAS FOR GROWTH AND EFFICIENCY. THE COMPANY'S FUTURE SUCCESS HINGES ON ITS ABILITY TO ADAPT TO MARKET DEMANDS, MANAGE COSTS EFFECTIVELY, AND INNOVATE WITHIN ITS PRODUCT OFFERINGS.

IN SUMMARY, BORDEN CORPORATION'S FIRST-YEAR PERFORMANCE LAYS A STRONG FOUNDATION FOR FUTURE EXPANSION. WITH STRATEGIC FOCUS AND FINANCIAL DISCIPLINE, THE COMPANY CAN AIM FOR INCREASED SALES, IMPROVED MARGINS, AND LONG-TERM PROFITABILITY, MAKING IT A NOTABLE CONTENDER IN ITS INDUSTRY.

FREQUENTLY ASKED QUESTIONS

WHAT WAS BORDEN CORPORATION'S GROSS PROFIT IN ITS FIRST YEAR?

BORDEN CORPORATION'S GROSS PROFIT WAS \$810,000, CALCULATED AS \$2,020,000 IN SALES MINUS \$1,210,000 IN COST OF GOODS SOLD.

WHAT IS THE GROSS PROFIT MARGIN FOR BORDEN CORPORATION IN ITS FIRST YEAR?

THE GROSS PROFIT MARGIN IS APPROXIMATELY 40.1%, CALCULATED AS $(\$810,000 / \$2,020,000) \times 100$.

HOW CAN BORDEN CORPORATION IMPROVE ITS PROFITABILITY BASED ON ITS FIRST YEAR'S DATA?

THE COMPANY CAN FOCUS ON REDUCING COST OF GOODS SOLD, INCREASING SALES, OR BOTH TO ENHANCE PROFITABILITY.

WHAT DOES THE FIRST-YEAR SALES FIGURE INDICATE ABOUT BORDEN CORPORATION'S MARKET PERFORMANCE?

SALES OF \$2,020,000 SUGGEST A STRONG MARKET ENTRY; HOWEVER, PROFITABILITY DEPENDS ON MANAGING COSTS EFFECTIVELY.

WHAT FINANCIAL METRICS CAN BORDEN CORPORATION ANALYZE TO ASSESS ITS INITIAL PERFORMANCE?

KEY METRICS INCLUDE GROSS PROFIT, GROSS PROFIT MARGIN, AND COST OF GOODS SOLD RELATIVE TO SALES.

HOW DOES BORDEN CORPORATION'S FIRST-YEAR SALES COMPARE TO INDUSTRY BENCHMARKS?

THIS DEPENDS ON THE INDUSTRY; COMPARING TO INDUSTRY AVERAGES CAN PROVIDE INSIGHT INTO THE COMPANY'S MARKET POSITION AND GROWTH POTENTIAL.

WHAT STEPS SHOULD BORDEN CORPORATION CONSIDER FOR FUTURE FINANCIAL PLANNING BASED ON ITS FIRST-YEAR DATA?

THE COMPANY SHOULD ANALYZE COST STRUCTURES, EXPLORE SALES GROWTH STRATEGIES, AND SET TARGETS TO IMPROVE MARGINS AND OVERALL PROFITABILITY.

ADDITIONAL RESOURCES

IN ITS FIRST YEAR OF BUSINESS, BORDEN CORPORATION DEMONSTRATED PROMISING INITIAL PERFORMANCE WITH NOTABLE SALES FIGURES AND A MANAGEABLE COST STRUCTURE, LAYING A FOUNDATION FOR POTENTIAL GROWTH AND STRATEGIC DEVELOPMENT. AS A NEWLY ESTABLISHED ENTITY, UNDERSTANDING THE FINANCIAL METRICS FROM ITS INAUGURAL YEAR PROVIDES VALUABLE INSIGHTS INTO ITS OPERATIONAL EFFICIENCY, MARKET POSITIONING, AND FUTURE PROSPECTS. THIS ARTICLE OFFERS AN IN-DEPTH ANALYSIS OF BORDEN CORPORATION'S INITIAL FINANCIAL PERFORMANCE, EXPLORING KEY COMPONENTS SUCH AS SALES, COST OF GOODS SOLD (COGS), GROSS PROFIT MARGINS, AND THE BROADER IMPLICATIONS FOR THE COMPANY'S STRATEGIC TRAJECTORY.

UNDERSTANDING BORDEN CORPORATION'S FIRST-YEAR FINANCIALS

SALES PERFORMANCE: AN INDICATOR OF MARKET ENTRY SUCCESS

BORDEN CORPORATION RECORDED TOTAL SALES OF \$2,020,000 DURING ITS FIRST YEAR—A COMMENDABLE ACHIEVEMENT FOR A NEWLY LAUNCHED ENTERPRISE. SALES FIGURES SERVE AS THE PRIMARY INDICATOR OF MARKET ACCEPTANCE AND DEMAND FOR THE COMPANY'S PRODUCTS OR SERVICES. WHEN ANALYZING THIS NUMBER, SEVERAL FACTORS COME INTO PLAY:

- MARKET PENETRATION: ACHIEVING OVER TWO MILLION DOLLARS IN SALES SUGGESTS BORDEN MANAGED TO ESTABLISH A FOOTHOLD WITHIN ITS TARGET MARKET SEGMENTS EFFECTIVELY.
- CUSTOMER BASE: SUCH SALES VOLUME IMPLIES A SUFFICIENTLY LARGE OR LOYAL CUSTOMER BASE, WHICH IS CRITICAL FOR EARLY-STAGE COMPANIES SEEKING STABILITY AND GROWTH.
- PRICING STRATEGY: THE SALES FIGURE REFLECTS NOT ONLY CUSTOMER DEMAND BUT ALSO THE COMPANY'S PRICING MODEL, WHICH INFLUENCES REVENUE GENERATION.

GIVEN THE CONTEXT OF A FIRST-YEAR OPERATION, THESE SALES FIGURES POSITION BORDEN FAVORABLY, INDICATING EFFECTIVE MARKET ENTRY STRATEGIES AND POTENTIAL FOR EXPANSION.

COST OF GOODS SOLD (COGS): MANAGING PRODUCTION AND PROCUREMENT

THE COST OF GOODS SOLD FOR BORDEN CORPORATION STOOD AT \$1,210,000. COGS ENCOMPASSES ALL DIRECT COSTS ASSOCIATED WITH PRODUCING THE GOODS OR DELIVERING THE SERVICES SOLD BY THE COMPANY, INCLUDING RAW MATERIALS, LABOR, AND MANUFACTURING EXPENSES. FOR A NEW BUSINESS, COGS MANAGEMENT IS CRUCIAL BECAUSE:

- EFFICIENCY IN OPERATIONS: CONTROLLING PRODUCTION COSTS DIRECTLY IMPACTS PROFITABILITY.
- PRICING FLEXIBILITY: A MANAGEABLE COGS ALLOWS FOR STRATEGIC PRICING TO ATTRACT CUSTOMERS WHILE MAINTAINING MARGINS.
- SUPPLY CHAIN MANAGEMENT: EFFECTIVE PROCUREMENT AND INVENTORY MANAGEMENT CAN REDUCE COSTS AND IMPROVE MARGINS.

IN THE CONTEXT OF THE FIRST YEAR, A COGS OF \$1,210,000 AGAINST SALES OF \$2,020,000 SUGGESTS THAT A SIGNIFICANT PORTION OF REVENUE WAS CONSUMED BY DIRECT COSTS, BUT THIS RATIO STILL LEAVES ROOM FOR PROFITABILITY, AS DETAILED BELOW.

ANALYZING PROFITABILITY: GROSS PROFIT AND MARGINS

GROSS PROFIT CALCULATION

GROSS PROFIT IS CALCULATED BY SUBTRACTING COGS FROM TOTAL SALES:

$$\text{Gross Profit} = \text{Sales} - \text{COGS} = \$2,020,000 - \$1,210,000 = \$810,000$$

THIS FIGURE REFLECTS THE AMOUNT REMAINING AFTER COVERING DIRECT COSTS, WHICH CAN THEN CONTRIBUTE TO COVERING OPERATING EXPENSES AND GENERATING NET INCOME.

GROSS PROFIT MARGIN

GROSS PROFIT MARGIN PROVIDES A PERCENTAGE MEASURE OF PROFITABILITY RELATIVE TO SALES:

$$\text{Gross Profit Margin} = (\text{Gross Profit} / \text{Sales}) \times 100 = (\$810,000 / \$2,020,000) \times 100 \approx 40.1\%$$

A GROSS MARGIN OF APPROXIMATELY 40.1% INDICATES THAT BORDEN RETAINED AROUND FOUR-TENTHS OF ITS SALES REVENUE AFTER DIRECT COSTS. THIS MARGIN IS A SIGNIFICANT INDICATOR OF PRICING POWER AND OPERATIONAL EFFICIENCY, ESPECIALLY FOR A FIRST-YEAR FIRM.

- INDUSTRY BENCHMARKS: DEPENDING ON THE INDUSTRY BORDEN OPERATES IN, THIS MARGIN COULD BE CONSIDERED HEALTHY OR REQUIRE IMPROVEMENT. FOR CERTAIN MANUFACTURING OR RETAIL SECTORS, MARGINS AROUND 30-50% ARE COMMON, SO BORDEN'S PERFORMANCE FALLS WITHIN A COMPETITIVE RANGE.

- IMPLICATIONS FOR PROFITABILITY: WHILE GROSS PROFIT IS PROMISING, NET PROFITABILITY DEPENDS ON OPERATING EXPENSES, TAXES, INTEREST, AND OTHER COSTS NOT DETAILED HERE.

OPERATIONAL AND STRATEGIC IMPLICATIONS

ASSESSING OPERATIONAL EFFICIENCY

THE INITIAL FINANCIAL SNAPSHOT SUGGESTS THAT BORDEN CORPORATION MANAGED TO GENERATE SUBSTANTIAL SALES WITH A REASONABLE COGS. FOR A STARTUP, THIS INDICATES:

- EFFECTIVE COST CONTROL: THE ABILITY TO KEEP DIRECT COSTS IN CHECK WHILE SCALING SALES.
- POTENTIAL FOR SCALING: WITH GROSS MARGINS OVER 40%, BORDEN HAS THE CAPACITY TO REINVEST PROFITS INTO MARKETING, R&D, OR EXPANSION INITIATIVES.

MARKET POSITIONING AND COMPETITIVE EDGE

ACHIEVING OVER \$2 MILLION IN SALES IN THE FIRST YEAR DEMONSTRATES THAT BORDEN LIKELY SECURED KEY CUSTOMERS AND ESTABLISHED ITS PRESENCE. TO SUSTAIN AND GROW, THE COMPANY MUST:

- ENHANCE PRODUCT DIFFERENTIATION: TO MAINTAIN OR IMPROVE MARGINS.
- EXPAND CUSTOMER BASE: DIVERSIFY REVENUE STREAMS.
- OPTIMIZE SUPPLY CHAIN: FURTHER REDUCE COGS TO IMPROVE MARGINS.

FUTURE FINANCIAL PLANNING

WHILE THE FIRST-YEAR FIGURES ARE PROMISING, BORDEN MUST FOCUS ON:

- CONTROLLING OPERATING EXPENSES: ADMINISTRATIVE, MARKETING, AND R&D COSTS WILL INFLUENCE NET INCOME.
- CASH FLOW MANAGEMENT: ENSURING LIQUIDITY TO FUND OPERATIONS AND GROWTH.
- PROFITABILITY GOALS: SETTING TARGETS FOR NET INCOME AND RETURN ON INVESTMENT.

BROADER INDUSTRY AND MARKET CONTEXT

INDUSTRY ANALYSIS

UNDERSTANDING THE INDUSTRY STANDARDS IS CRUCIAL WHEN EVALUATING BORDEN'S PERFORMANCE. FOR EXAMPLE:

- MANUFACTURING SECTOR: TYPICALLY EXHIBITS GROSS MARGINS RANGING FROM 20% TO 50%, DEPENDING ON NICHE AND SCALE.
- RETAIL SECTOR: MARGINS OFTEN LOWER, AROUND 20-30%, DUE TO HIGH VOLUME AND COMPETITIVE PRICING.
- TECHNOLOGY OR SPECIALIZED SERVICES: MIGHT ENJOY HIGHER MARGINS DUE TO VALUE-ADDED OFFERINGS.

BORDEN'S GROSS MARGIN OF APPROXIMATELY 40.1% SUGGESTS IT MAY BE OPERATING IN A SECTOR WITH HIGHER MARGIN POTENTIAL, POSSIBLY MANUFACTURING OR SPECIALIZED PRODUCTS.

COMPETITIVE LANDSCAPE

ENTERING A COMPETITIVE MARKETPLACE REQUIRES BORDEN TO:

- DIFFERENTIATE ITS OFFERINGS TO CAPTURE MARKET SHARE.
- MONITOR COMPETITORS' PRICING AND COST STRUCTURES.
- INNOVATE TO IMPROVE MARGINS AND CUSTOMER LOYALTY.

CONCLUSION: OPPORTUNITIES AND CHALLENGES AHEAD

BORDEN CORPORATION'S FIRST-YEAR FINANCIAL PERFORMANCE PAINTS AN OPTIMISTIC PICTURE FOR A STARTUP. ACHIEVING OVER \$2 MILLION IN SALES WITH A GROSS MARGIN EXCEEDING 40% DEMONSTRATES EFFECTIVE MARKET ENTRY AND OPERATIONAL EFFICIENCY. HOWEVER, SUSTAINING AND ENHANCING THESE RESULTS WILL REQUIRE STRATEGIC PLANNING, COST MANAGEMENT, AND CONTINUOUS INNOVATION.

KEY TAKEAWAYS:

- THE INITIAL SALES VOLUME INDICATES SUCCESSFUL MARKET PENETRATION.
- A HEALTHY GROSS MARGIN PROVIDES ROOM FOR OPERATIONAL IMPROVEMENTS AND PROFITABILITY.
- MANAGING OPERATING EXPENSES AND EXPANDING MARKET REACH WILL BE CRITICAL.
- INDUSTRY BENCHMARKS SHOULD GUIDE STRATEGIC ADJUSTMENTS TO MAXIMIZE PROFITABILITY.
- CONTINUOUS FINANCIAL ANALYSIS AND STRATEGIC AGILITY WILL DETERMINE BORDEN'S LONG-TERM SUCCESS.

IN SUMMARY, BORDEN CORPORATION'S FIRST-YEAR NUMBERS SERVE AS A SOLID FOUNDATION, OFFERING VALUABLE INSIGHTS INTO ITS OPERATIONAL STRENGTHS AND AREAS FOR GROWTH. AS THE COMPANY PROGRESSES, LEVERAGING THESE INITIAL SUCCESSES WHILE ADDRESSING CHALLENGES WILL BE VITAL IN TRANSFORMING EARLY PROMISE INTO SUSTAINED BUSINESS GROWTH AND PROFITABILITY.

In Its First Year Of Business Borden Corporation Had Sales Of 2 020 000 And Cost Of Goods Sold Of 1 210 000

In Its First Year Of Business Borden Corporation Had Sales Of 2 020 000 And Cost Of Goods Sold Of 1 210 000
